The Eminent EM1126 USB 2.0 HUB extends your PC or notebook with 6 more USB ports and a high power charging port. You can now connect several USB devices at the same time. Because of the built-in high power charging port you can easily charge your tablet computer or mobile device.

Charge your tablet computer or mobile device
You can charge most common USB devices by the high power 10W USB charging port.
As the EM1126 has a high power charging port of 10W (5Volt, 2Ampère), it will fully charge your tablet computer.
The USB charging port is located on the front side of the USB HUB, so it's very easy to access.

Connect all your USB devices
The EM1126 is fitted with 6 USB 2.0 ports. Two on the front side, two on the back side and two ports on the top side. As a result you can easily access all USB ports. This enables you to connect several devices at once like your mouse, keyboard, memory stick, external hard disk, webcam, mobile phone, digital camera, MP3 player or any other USB device all together!

USB 2.0 compatible
The USB hub is compatible with USB 2.0 and USB 1.1. It is detected automatically on your Windows or Macintosh computer and will offer transfer speeds of up to 480 Mbps.

Stylish design including power adapter
Enjoy the compact flat designed Eminent EM1126 6 Port USB 2.0 HUB. The HUB is only 20mm high and fitted with anti slip feet. It comes with a USB cable and a necessary heavy duty 5 Volt 2 Ampère power supply.
